## EDUCATION

### American University

MA: International Development | GPA 3.93/4.00

- Professional Track in Global Health

Washington, DC

May 2024

### Brigham Young University

BS: Geography | GPA 3.99/4.00

- Emphasis in Global Studies and minors in International Development and Sociology

Provo, UT

June 2022

## EXPERIENCE

### The Cloudburst Group

Junior Research Analyst

Landover, MD

June 2023 – Present

- Evaluate USAID projects related to women's political participation and leadership, investing in cities and local governments, ecological sustainability, positive youth development, countering PRC influence, and global health
- Collect and analyze qualitative data through conducting literature and document reviews, working groups, and KIIs
- Program surveys in SurveyCTO to collect data for evaluations on USAID programs
- Monitor data quality during fieldwork, produce descriptive statistics, and create visualizations of survey data in R
- Synthesize data results into evidence-based recommendations for future programming
- Disseminate findings through social media and blog posts, infographics, two-pagers, reports, and slide decks
- Manage project tasks such as scheduling meetings, taking notes, tracking action items, recruiting consultants, developing budgets, organizing file structures, and drafting work plans, scopes of work, and concept notes

### Muhimbili University of Health and Allied Sciences

Research Consultant

Dar es Salaam, Tanzania

May 2023 – August 2023

- Conducted qualitative research to evaluate the effectiveness of an economic empowerment and HIV prevention program for out-of-school adolescent girls and young women funded by the National Institute of Mental Health
- Produced interview guides and participated in KIIs with program participants
- Developed codebook, coded interview transcripts, and analyzed interview data using Dedoose
- Produced report synthesizing results and recommending steps forward for future programming and research

### USAID, Latin America and Caribbean Bureau

Monitoring, Evaluation, and Learning Intern

Washington, DC

September 2022 – June 2023

- Produced visualizations of Customs and Border Protection data about drivers of migration in northern Central America in R for use in strategic planning

### American University, School of International Service

Research Assistant

Washington, DC

August 2022 – May 2023

- Analyzed responses to the Afrobarometer Survey related to community perceptions on government effectiveness, political participation, and maternal health challenges by running cross-tabulations in SPSS

### School of Agriculture for Family Independence

Gender Analysis and Policy Intern

Provo, UT

April 2021 – September 2021

- Conducted literature and document reviews and KIIs with Malawian staff
- Produced a gender policy and implementation plan to promote equity between women and men at SAFI

## DATA ANALYSIS

- Programming:** R (esp. tidyverse), Dedoose, SurveyCTO
- Data wrangling:** Merging, appending, reshaping, recoding, cleaning
- Quantitative analysis:** Visualization (bar charts, pie charts, line graphs, scatter plots, violin plots, histograms, density plot, facet grids in ggplot2), descriptive analysis, hypothesis testing, linear regression

## SKILLS & ACHIEVEMENTS

- Languages:** English (native), Cebuano (professional working proficiency), Tagalog (basic)
- Certifications:** Social & Behavioral Research (CITI Program), Project Management Badge (Social Project Institute)
- Additional training:** Maternal and Reproductive Health, Gender Analysis, Participatory Methods, Technical Writing, Monitoring and Evaluation
